Introduction

Historically, Tesco have maintained the communal areas at Hinckley Road. As all of the tenants benefit from the use of the communal areas and are liable to contribute towards their upkeep under the terms of their leases a service charge has been introduced in order that all of the tenants contribute towards the communal costs.

This report has been produced by Johnson Fellows on behalf of the Landlord, Tesco Stores Limited. It is intended to provide details of the planned expenditure for the service charge year commencing 25th March 2016. A Budget Variation Schedule can be seen in Appendix B.

The Property

The premises consists of a parade of 4 retail units and one void unit. It is located within 1 mile of Leicester city centre and has access off A563 Hinckley Road roundabout. The site benefits from a front car parking facility, landscaped area and rear service yard which are maintained directly by the service charge.

Voids and Concessions

The service charge for any void lettable units or attributable to any service charge concessions is the responsibility of the Landlord.

VAT

The Landlord has elected the property for VAT.

The service charge payable by the commercial lessees will have VAT charged at the standard rate.

Banking

Due to the general level of service charge funds, they are not maintained within a discrete bank account. The funds are held within the Johnson Fellows Clients Account which is maintained with Barclays Bank plc. As a consequence the service charge is not credited with any interest, neither are any bank charges allocated to the service charge.

Interest charged on late payment of service charge by tenants is to be credited to the service charge.

There is no sinking fund or reserve fund.

Service Charge Objectives

The object of this budget report is to provide clear explanation of the planned service charge expenditure on a not for profit/not for loss basis. It is also to promote clarity and transparency and to allow the leaseholders to budget accurately for the forthcoming year.

We encourage leaseholders to provide comments on the format and/or the information contained in this report which would assist in the report being improved for the benefit of all concerned. We would also welcome constructive feedback on the communal services provided at the property.

As Managing Agents, Johnson Fellows aim to provide a high quality management service in order to provide a well maintained environment, and delivering value for money for the service charge expenditure.

The service charge is administered having regard to Service Charges in Commercial Property; RICS Code of Practice.

Service Charge Apportionment

The service charge provisions are set out in each tenants lease. These consistently provide for each tenant to pay a due proportion of the service charge which is attributable to each tenants premises. The due proportion is based primarily on the net internal area of each property relative to the total net internal area of all units. If such apportionment is inappropriate, the Landlord has reasonable discretion to adopt such other due proportion as is fair and reasonable. This may include attributing the whole expenditure to a particular unit.

The net internal areas for the commercial units have been obtained from the 2010 ratings list on the VOA website, and the area for the house has been provided by Tesco.

The costs included within the budget for Schedule 1 relate to the repair and maintenance of the communal areas. The communal areas are defined as the car park located at the front of the parade on Hinckley Road, and a strip of land located at the rear of the parade on Stretton Road. All tenants contribute towards Schedule 1.

Schedule 2 relates to any Building repairs required to units 1 & 2, and only the leaseholders of units 1 & 2 contribute towards these costs.

Schedule 3 has been introduced for this year and relates to items of expenditure which are non-recoverable through the lease granted on the warehouse. Tesco agree to cover the proportion of expenditure attributable to the warehouse premises. The percentage shown for the supermarket and warehouse in the percentage apportionment schedule in Appendix A is based on the overall combined floor areas of both premises. The other percentages in the schedule have not been adjusted and will remain unaffected.

The service charge percentage apportionments are detailed in Appendix A.

Budget Commentary

SCHEDULE 1

All figures are shown net of VAT

- **Cleaning** **£800**

Tesco have a contract in place for daily cleaning. The cleaning contract covers both the internal and external cleaning for multiple Tesco properties.

Based upon information provided by Tesco and the cleaning contractors, we have calculated the proportion of the cost attributable to just the car park is £12.20 per week, which equates to £634.40 pa.

We have also included a contingency should any additional cleaning, refuse removal or fly tipping removal be required during the year.

- **Boundary Maintenance** **£1,000**

Adhoc costs for any unforeseen repairs or graffiti removal.

- **Car Park Maintenance** **£3,000**

Contingency for any ad hoc repairs to the car park including gritting.

- **Drain Maintenance** **£800**

Annual cost for the flush out of the drainage system.
