## **Introduction**

This report has been produced by Johnson Fellows on behalf of the Landlord, Tesco Stores Ltd. It is intended to provide details of the planned expenditure for the service charge period 29 September 2025 to 28<sup>th</sup> September 2026.

Enclosed within this report is a copy of the Service Charge Budget Schedule and Service Charge Apportionment Schedule.

The service charge is administered having regard to RICS Professional Standards; Service Charges in Commercial Property; 1st Edition, Professional Statement.

## **The Property**

The property is located between Royal Parade and New George Street within the central retail area of the port city of Plymouth. The A38 Devon Expressway is approximately 2 miles to the north.

The property is a 1960's concrete framed structure with clad elevations and a flat roof. It is arranged over basement to third floors. Formerly part of the adjacent Debenhams department store, the building is now shared between TK Maxx and Tesco.

The building is essentially split vertically, with the TK Maxx unit being accessed from Royal Parade and the Tesco unit from New George Street. There is a service yard to the rear that is also shared with the neighboring buildings.

The communal services include the maintenance of the external roof and structure, the internal fire escape stairwells, pest control, drain maintenance, fire safety and communal area electrical consumption and compliance.

## **Service Charge Objectives**

The objective of Johnson Fellows as Managing Agent is to provide a high-quality management service. In so doing we aim to provide a well-maintained environment, delivering value for money for the service charge expenditure.

The objective of this budget report is to provide a clear explanation for recovery of the service charge expenditure on a not for profit/not for loss basis. It is also to promote clarity and transparency and to allow the tenants to budget accurately for the forthcoming period.

Should either occupier have comments on the format, or the information contained in this report which would assist in the report being improved for the benefit of all concerned, these comments would be welcomed. We would also welcome constructive feedback on the communal services provided at the property.

### **VAT**

The property is elected for VAT, consequently the expenditure stated within this report is net of VAT.

### **Voids and Concessions**

Where any void units exist, the responsibility for the service charge rests with the Landlord. There are currently no voids.

### **Banking**

Due to the general level of service charge funds, they are not maintained within a discrete bank account. The funds are held within the Johnson Fellows Clients Account which is maintained with Barclays Bank plc. The service charge is not credited with any interest, neither are any bank charges allocated to the service charge.

Interest charged on the late payment of service charge by tenants is to be credited to the service charge.

### **Reserve Fund**

There is no reserve fund.

### **Service Charge Apportionment**

The expenditure is contained under a single schedule that both occupiers contribute towards.

The apportionment for this schedule is calculated having regard to the total gross internal floor area demised to each occupier.

An Apportionment Schedule is attached at Appendix A.
