Introduction

This report has been produced by Johnson Fellows on behalf of the Landlord, W Wing Yip & Brothers Property and Investments Ltd. It is intended to provide details of the planned expenditure for the service charge period 1st October 2020 to 30th September 2021.

Enclosed within this report is a copy of the Service Charge Variance Schedule and Service Charge Apportionment Schedule.

The service charge is administered having regard to RICS Professional Statement; Service Charges in Commercial Property; 1st Edition.

The Property

The property is located on A5 Edgware Road within the north-west London area of Cricklewood. It is approximately 500m from J1 of the M1 Motorway and the North Circular Road. The City of London is approximately 5 miles to the south.

China House is a purpose built office building arranged over 4 levels. It has brick facades under a pitched tiled roof. There is dedicated car parking to the front and side of the property. It forms part of the wider Wing Yip site, which includes the Superstore, Business Centre, warehousing and underground car park.

The multi occupied property consists of cellular office suits on lower ground, ground, first and second floors. A dedicated ground floor communal entrance leads to two passenger lifts. There are communal kitchen and WC facilities.

The primary services provided for the property consist of cleaning of the communal parts, communal utility consumption, lift maintenance, waste management, site security and external landscaping and maintenance.

Service Charge Objectives

The objective of Johnson Fellows as Managing Agent is to provide a high quality management service. In so doing we aim to provide a well maintained environment, delivering value for money for the service charge expenditure.

The objective of this budget report is to provide a clear explanation for the recovery of the service charge expenditure on a not for profit/not for loss basis. It is also to promote clarity and transparency and to allow the tenants to budget accurately for the forthcoming period.

Should any occupier have comments on the format, or the information contained in this report which would assist in the report being improved for the benefit of all concerned, these comments would be welcomed. We would also welcome constructive feedback on the communal services provided at the property.

VAT

The property is elected for VAT, consequently the expenditure stated within this report is net of VAT.

Voids and Concessions

Where any void units exist, the responsibility for the service charge rests with the Landlord.

Banking

Due to the general level of service charge funds, they are not maintained within a discrete bank account. The funds are held within the Johnson Fellows Clients Account which is maintained with Barclays Bank plc. As a consequence the service charge is not credited with any interest, neither are any bank charges allocated to the service charge.

Interest charged on the late payment of service charge by tenants is to be credited to the service charge.

Reserve Fund

There is no reserve fund.

Service Charge Apportionment

The apportionment for each schedule is detailed within the Service Charge Apportionment Schedule attached at Appendix A.

Three separate schedules have been adopted. Schedule 1 provides costs for China House, Schedule 2 the wider estate costs and Schedule 3 relates to the heating system for the lower ground and ground floor.

Schedule One All occupiers

Schedule Two All occupiers

Schedule Three Lower ground and ground floor occupiers only

The apportionment percentages are calculated based on net internal floor areas.
