Introduction

This report has been produced by Johnson Fellows on behalf of the Landlord, Tesco Stores Limited. It is intended to provide details of the planned expenditure for the forthcoming service charge year.

The Property

Cromwell Leisure Park is located on the south side of Wisbech, situated on the B198 Cromwell Road located on the old Stadium site.

The site is made up of a Tesco's Extra, Gym concession, 3 restaurant units and a cinema.

Voids and Concessions

There are currently no void units.

Any shortfall in the recovery of the service charge expenditure as a result of concessions granted to a tenant or void accommodation are funded by the Landlord.

VAT

The Landlord has elected the property for VAT; consequently the budget stated within this report is net of VAT.

Banking

Due to the general level of service charge funds, they are not maintained within a discrete bank account. The funds are held within the Johnson Fellows Clients Account which is maintained with Barclays Bank plc. As a consequence the service charge is not credited with any interest, neither are any bank charges allocated to the service charge.

Interest charged on late payment of service charge by tenants is to be credited to the service charge.

Reserve Fund

There will be a reserve fund for Schedule 2 this is with the aim of flattening out any large expenses in the coming years.

Service Charge Objectives

The object of this budget report is to provide clear explanation of the planned service charge expenditure on a not for profit/not for loss basis. It is also to promote clarity and transparency and to allow the leaseholders to budget accurately for the forthcoming year.

We encourage leaseholders to provide comments on the format and/or the information contained in this report which would assist in the report being improved for the benefit of all concerned. We would also welcome constructive feedback on the communal services provided at the property.

As Managing Agents, Johnson Fellows aim to provide a high quality management service in order to provide a well maintained environment, and delivering value for money for the service charge expenditure.

The service charge is administered having regard to Service Charges in Commercial Property; RICS Code of Practice.

Service Charge Apportionment

The service charge costs are apportioned in line with the terms of the leases which provide for each tenant to pay a due proportion of the service charge which is attributable to each tenant's premises. The general method of apportionment adopted has regard to the Gross Internal Area of each unit. This is shown in Appendix A.

The service charge is split into two schedules: -

1. Payable into by all tenants this schedule covers the maintenance of all external common area and common services.
2. Payable by the restaurants and cinema tenants this schedule covers maintenance of the structure of their unit, the service yard, and common services that exclusively serve those units.
