Introduction

Kennedy Way is the Town Centre for Immingham. The scheme has recently been subject to a multimillion pound regeneration project including the creation of the units this service charge serves.

Retailers within Kennedy Way include B&M, Poundstretcher, Betfred, Lloyds Pharmacy, Cooplands, Natwest, Coral and Heron Frozen Foods.

This report has been produced by Johnson Fellows on behalf of the Landlord, Tesco Stores Limited. It is intended to provide details of the expenditure incurred during the 12 month period ending June 2019 service charge year.

The Property

The premises consists of a 2 retail units. It is located in Immingham town centre off Washdyke Lane. The site benefits from a front car parking facility, landscaped area and rear service yard which are maintained directly by the service charge.

Voids and Concessions

The service charge for any void lettable units or attributable to any service charge concessions is the responsibility of the Landlord.

VAT

The Landlord has elected the property for VAT.

The service charge payable by the commercial lessees will have VAT charged at the standard rate.

Banking

Due to the general level of service charge funds, they are not maintained within a discrete bank account. The funds are held within the Johnson Fellows Clients Account which is maintained with Barclays Bank plc. As a consequence the service charge is not credited with any interest, neither are any bank charges allocated to the service charge.

Interest charged on late payment of service charge by tenants is to be credited to the service charge.

There is no sinking fund or reserve fund.

Service Charge Objectives

The object of this budget report is to provide clear explanation of the planned service charge expenditure on a not for profit/not for loss basis. It is also to promote clarity and transparency and to allow the leaseholders to budget accurately for the forthcoming year.

We encourage leaseholders to provide comments on the format and/or the information contained in this report which would assist in the report being improved for the benefit of all concerned. We would also welcome constructive feedback on the communal services provided at the property.

As Managing Agents, Johnson Fellows aim to provide a high quality management service in order to provide a well maintained environment, and delivering value for money for the service charge expenditure.

The service charge is administered having regard to Service Charges in Commercial Property; RICS Code of Practice.

Service Charge Apportionment

The service charge provisions are set out in each tenants lease. These consistently provide for each tenant to pay a due proportion of the service charge which is attributable to each tenant's premises. The due proportion is based primarily on the net internal area of each property relative to the total net internal area of all units. If such apportionment is inappropriate, the Landlord has reasonable discretion to adopt such other due proportion as is fair and reasonable. This may include attributing the whole expenditure to a particular unit.

The service charge percentage apportionments are detailed in Appendix A.
