Introduction

This report has been produced by Johnson Fellows on behalf of the Management Company, Newhall Management Limited.

The Property

The property comprises a secure car park serving six self-contained office buildings on the corner of Newhall Street and Charlotte Street.

The communal areas to which the service charge relates comprise of a vehicle entrance from Charlotte Street, rear car park and associated service areas including a bin store.

The fabric of the office buildings including the roofs and external facades are the responsibility of the owners to maintain.

There are no internal common parts, or communal areas to the front of the buildings.

Voids & Concessions

The responsibility for service charge in respect of void accommodation or any concessions rests with the Landlord.

VAT

The property is not elected for VAT.

Banking

Due to the general level of service charge funds, they are not maintained within a discrete bank account. The funds are held within the Johnson Fellows Clients Account which is maintained with Barclays Bank plc. As a consequence the service charge is not credited with any interest, neither are any bank charges allocated to the service charge.

Reserve Fund

It was agreed at the 2014 AGM the Reserve Fund was at an adequate level. During this service charge year no further payments are being made in to this fund.

Service Charge Objectives

The object of this budget report is to provide clear explanation of the planned service charge expenditure on a not for profit/not for loss basis. It is also to promote clarity and transparency and to allow the leaseholders to budget accurately for the forthcoming year.

We encourage leaseholders to provide comments on the format and/or the information contained in this report which would assist in the report being improved for the benefit of all concerned. We would also welcome constructive feedback on the communal services provided at the property.

As Managing Agents, Johnson Fellows aim to provide a high quality management service in order to provide a well maintained environment, and delivering value for money for the service charge expenditure.

The service charge is administered having regard to Service Charges in Commercial Property; RICS Code of Practice.

Service Charge Apportionment

The service charge expenditure is allocated to a single schedule.

All expenditure relates to the external common parts and for services which benefit all tenants.

The service charge apportionment percentages are based on the shareholdings in the Management Company of the long leasehold owners of the individual units.

An apportionment schedule for the property is attached at Appendix A.
