Introduction

This report has been produced by Johnson Fellows on behalf of the Landlord, Robin N Johnson. It is intended to provide details of the expenditure incurred during the service charge year 24th June 2022 to 23rd June 2023.

The service charge is administered having regard to RICS Professional Statement; Service Charges in Commercial Property; 1st Edition.

The Property

The property is located at the junction of Monarch Drive and Martley Road. It is situated approximately 2 miles to the west of Worcester City Centre. The premises consist of a parade of ground floor retail units, with residential flats above. There is a customer car park to the front of the property and a private service road providing vehicular access to the rear. Communal staircases lead to a walkway terrace, which provides access to the residential flats.

The new units of 28a, 28b & 38a Martley Road are held under a separate company name of Litein Estates. The service charge will continue to be operated on behalf of Robin N Johnson as the owner of all remaining units and the communal areas. Any costs associated with the physical structures of units 28a, 28b & 38a will be excluded from the service charge.

Service Charge Objectives

The objective of this report is to provide a clear explanation for the recovery of the service charge expenditure on a not for profit/not for loss basis. It is also to promote clarity and transparency.

Should any occupier have comments on the format, or the information contained in this report which would assist in the report being improved for the benefit of all concerned, these comments would be welcomed. We would also welcome constructive feedback on the communal services provided at the property.

Voids and Concessions

Where any void units exist, the responsibility for the payment of the service charge rests with the Landlord. The Landlord is also responsible for the payment of the service charge in respect of the residential flats that are let on an Assured Shorthold Tenancy basis.

VAT

The property is not elected for VAT. Therefore, all expenditure stated within the report is gross of VAT.

Banking

Due to the general level of service charge funds, we do not maintain a discrete bank account for the service charge at this property. The funds are held within the Johnson Fellows Client Account, which is maintained by Barclays Bank plc. As a consequence, the service charge is not credited with any interest, nor are any bank charges allocated to the service charge.

Interest charged on the late payment of service charge by tenants is to be credited to the service charge.

There is no sinking fund or reserve fund.

Service Charge Apportionment

Two separate service charge schedules are adopted, following the construction of the units 28a, 28b & 38a Martley Road that are held under a separate company name. Whilst all units contribute towards the external communal areas, the physical structure of the new units will be excluded from the service charge. Any costs relating to these units will be dealt with separately between the owner and the relevant tenant.

Schedule 1: All Units

Schedule 2: All Units excluding 28a, 28b & 38a Martley Road

The apportionments are based on the gross internal floor area for each unit. Costs that are shared between the schedules such as the Management Fee are apportioned based on the level of other expenditure within the schedule.

An Apportionment Schedule is attached at Appendix A.

Independent Accountant's Review Report

To the Manager, Henwick Park

We have reviewed the statement of service charge expenditure for the above property for the year ended 23 June 2023. The statement of service charge expenditure has been prepared by the Manager in accordance with guidance issued by the RICS in the Code of Practice, Services Charges in Commercial Property, 1st edition.

Manager's Responsibility for the Statement of service charge expenditure

The Manager is responsible for the preparation of the statement of service charge expenditure and for such internal control as the Manager determines is necessary to enable the preparation of statements that are free from material misstatement, whether due to fraud or error.

Reporting Accountant's Responsibility

Our responsibility is to express a conclusion on the statement of service charge expenditure based on the procedures we have performed and the evidence we have obtained. We conducted our review in accordance with International Standard on Review Engagements (ISRE) 2400, Engagements to Review Historical Financial Statements (Revised). ISRE 2400 (Revised) requires us to conclude whether anything has come to our attention that causes us to believe that the statement of service charge expenditure, taken as a whole, is not prepared in all material respects in accordance with the provisions of the Code of practice 'Service charges in commercial property' issued by the RICS. ISRE 4000 (Revised) also requires us to comply with relevant ethical requirements.

A review of a statement of service charge expenditure in accordance with ISRE 2400 (Revised) is a limited assurance engagement. The reporting accountant performs procedures, primarily consisting of making inquiries of management and others responsible for the services that comprise the service charge on this property, as appropriate, and applying analytical procedures, and evaluates the evidence obtained. The procedures do not include review of the allocation or apportionment of service charge expenditure to occupiers.

The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing. Accordingly, we do not express an audit opinion on the statement of service charge expenditure.

Conclusion

Based on the procedures we have performed and the evidence we have obtained, nothing has come to our attention that causes us to believe that the statement of service charge expenditure is not prepared, in all material respects, in accordance with the provisions of the Code of practice 'Service charges in commercial property' issued by the RICS.

Basis of Accounting and Restriction on Distribution and Use

Our report is made in accordance with the terms of our engagement and is intended solely for the Manager to issue to current occupiers. This report should not be distributed to or used by other parties. Our work has been undertaken to enable us to make this report to the Manager and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility or liability to anyone other than the Manager in connection with the report or this engagement.
