Introduction

This service charge expenditure report is produced by Johnson Fellows on behalf of Harborne High Street Management (2) Ltd. It is intended to provide details of the expenditure for the service charge year 26th March 2025 – 25th March 2026.
The service charge is established as provided for the upkeep of the common parts of the property.

The Property

The property is located on Harborne High Street and comprises nine retail units, with first and second floor accommodation, the majority of which is residential, accessed from the rear car park adjoining St Johns Road. However, three of the units use the upper floors for ancillary commercial purposes, with access from the ground floor units.

The car park to the rear is held under separate ownership. Historically it was agreed that the Management Company will contribute towards its repair and maintenance costs. However, recharges have not been received in this service charge year.

The communal services provided for the property consist of items such as pest control and electricity for the communal lighting. There is also a small forecourt area fronting St Johns Road, which is repaired and maintained via the service charge. Although the roof and balconies are the responsibility of the individual long leaseholders, by common agreement they are also repaired and maintained via the service charge. This does not include the rear extensions which remain the responsibility of each individual long leaseholder.

Service Charge Objectives

The object of this report is to provide an explanation of the service charge expenditure on a not for profit/not for loss basis.

Voids and Concessions

The service charge for any void lettable units or attributable to any service charge concessions are the responsibility of the Landlord.

VAT

The property is not elected for VAT, consequently the expenditure stated within this report is gross of VAT.

Banking

Due to the general level of service charge funds, they are not maintained within a discrete bank account. The funds are held within the Johnson Fellows Clients Account which is maintained by Barclays Bank plc. Consequently, the service charge is not credited with any banking interest, nor are any bank charges allocated to the service charge.

Reserve Fund

There was no reserve fund in place for this service charge year.

Service Charge Apportionment

The apportionment for each schedule is detailed within the Service Charge Apportionment Schedule attached at Appendix A.

Schedule One	All Long Leaseholders
Schedule Two	All Long Leaseholders, except 61 High Street

There are two separate schedules, as Central Midland Estates, the long leaseholder of 61 High Street, is responsible for their own building's insurance and for the repair and maintenance of their front and rear roof/canopy areas under the terms of their lease. Therefore, they do not contribute towards the building's insurance, or any repairs and maintenance associated with the communal front and rear roof/canopies.

Shared costs for items such as Management and Auditors Fees are apportioned between the schedules.

Independent Accountant's Review Report

To the Manager, 61/77 Harborne High Street

We have reviewed the statement of service charge expenditure for the above property for the year ended 25 March 2026. The statement of service charge expenditure has been prepared by the Manager in accordance with guidance issued by the RICS in the Code of Practice, Services Charges in Commercial Property, 1st edition.

Manager's Responsibility for the Statement of service charge expenditure
The Manager is responsible for the preparation of the statement of service charge expenditure and for such internal control as the Manager determines is necessary to enable the preparation of statements that are free from material misstatement, whether due to fraud or error.

Reporting Accountant's Responsibility
Our responsibility is to express a conclusion on the statement of service charge expenditure based on the procedures we have performed and the evidence we have obtained. We conducted our review in accordance with International Standard on Review Engagements (ISRE) 2400, Engagements to Review Historical Financial Statements (Revised). ISRE 2400 (Revised) requires us to conclude whether anything has come to our attention that causes us to believe that the statement of service charge expenditure, taken as a whole, is not prepared in all material respects in accordance with the provisions of the Code of practice '*Service charges in commercial property*' issued by the RICS. ISRE 4000 (Revised) also requires us to comply with relevant ethical requirements.

A review of a statement of service charge expenditure in accordance with ISRE 2400 (Revised) is a limited assurance engagement. The reporting accountant performs procedures, primarily consisting of making inquiries of management and others responsible for the services that comprise the service charge on this property, as appropriate, and applying analytical procedures, and evaluates the evidence obtained. The procedures do not include review of the allocation or apportionment of service charge expenditure to occupiers.

The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing. Accordingly, we do not express an audit opinion on the statement of service charge expenditure.

Conclusion
Based on the procedures we have performed and the evidence we have obtained, nothing has come to our attention that causes us to believe that the statement of service charge expenditure is not prepared, in all material respects, in accordance with the provisions of the Code of Practice 'Service charges in commercial property' issued by the RICS.

Basis of Accounting, and Restriction on Distribution and Use
Our report is made in accordance with the terms of our engagement and is intended solely for the Manager to issue to current occupiers. This report should not be distributed to or used by other parties. Our work has been undertaken to enable us to make this report to the Manager and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility or liability to anyone other than the Manager in connection with the report or this engagement.
